# The Comedy & Juggling of Paul Isaak

Don't be fooled by his calm exterior. Paul Isaak is seriously funny.

Having performed everywhere from Canada's North, to cruise ships running through the Panama Canal, to festivals in Singapore, Paul Isaak excels at making people laugh.

His no holds barred approach to humour leaves crowds gasping for breath, as he leaps into dangerous stunts, while all keeping the show clean enough for any audience.

Paul Isaak's unique mix of a bit of Juggling, a dash of improv, and a healthy absence of reality always equals a performance that can't be topped.
